TOUR REVIEWS

"We live in Montreal only a 20-minute drive away, but we hadn't visited Kahnawà:ke in decades. We are so glad that we took this tour. It was a welcoming 1-hour tour of the community, pausing at important buildings. But more importantly, we learned about the historical and social contexts in which the community was established. We learned that the community moved regularly, and why reserves seem to always have a railroad passing through. Very friendly, informative, and transformational. We left motivated to spread the word."

"Hello! I just wanted to say a big thank you for organising the walking tours in April and I appreciate being welcomed and so beautifully hosted by Bronwyn. Bronwyn, you shared with us a beautiful balance of historical information and personal experience that really brought the visits alive. I am looking forward to finding a moment to bring my colleagues and hope to see you again! Thank you all."
